

## Venetian Blinds Information Blinds

Venetian Blinds are an affordable, low maintenance blind. With the ranges available starting with Aluminium and ending with Cedar, we are sure you will find the style and colour right for you.

Along with the different material compositions available to you we have varying blade sizes for you to select from.

Aluminium: 16mm, 25mm & 50mm

Timberstyle: 50mm & 63mm

Cedar: 46mm

Aluminium Venetian Blinds are the ultimate blind for both privacy and light control, without restricting your view. This blind suits any style of home & work space, from contemporary to traditional. The Aluminium Venetian blinds are available in matte, gloss, metallic, woodgrain & perforated colours. They are all cord operated for raising and lowering the blind. We don't recommend these for sliding doors.

Timberstyle Venetians Blinds are a practical affordable alternative to the more classic timber Venetians, with the added of the look of real wood. The Timberstyle Venetian is manufactured using polystyrene polymers, which makes these resistant to cracking, peeling & discolouration, along with the more common warping. The Timberstyle Venetian is ideally suited to the Australian weather conditions. The added benefit of buying Timberstyle Venetians knowing there will be no variation in colour & texture, which is completely washable with no refinishing required, making these ideal for bathrooms and wet areas.

Cedar Venetians add the traditional warmth to your home with a rustic ambience of Cedar. Cedar Venetian blinds are handcrafted from North American Western Red Cedar, A grade quality. This style comes with a UV and scratch resistant lacquer finish to cope with the Australian sun. The Cedar Venetians come in 3 different stains light, medium & dark.
